Barney's

Way

Home

It's wonderful, isn't it? You have your own bed...

...Plenty of squeaky toys...

DELICIOUS food and homemade treats — yes, I make them myself...

...And other neighborhood dogs to play with!!

Aww... are they teasing you? Well, I'm sure Madeline, Rudo, and Pixie will love you once they meet your personality.

Wanna go say hello to them?

Barney, lets go! There's a pause in the rain, so we should go on a walk now!

...and since I wasn't purebred or perfect — hey, you aren't a purebred either! — they chased me here.

Wow. Madeline, Rudo, and Pixie were disrespectful.

That's not the only bad thing. Now I'm lost and I can't fend for myself...

could you help me?

Of course I can, but... you want everyone to be happy, don't you?

yeah

Then what about your owner Maya? She'll be devastated without you.....

I see where you're going but there is no way I'm going back.

But if you don't, Madeline and her crew will keep getting away with treating other dogs cruelly. Also, you don't want to be a stray. You'll be hungry, cold, and tired all the time.

I guess...

Staying here isn't helping anything. Fine, I'll go back — on one condition. You'll come with me.

Let's talk some sense into Madeline, Rudo, and Pixie!

They're just gonna tease us and that doesn't feel good. Trust me, I know.

Ugh. Look who came back. And with a mixed-breed friend
